

INSTRUCTIONS

MAG ACCESSORY WIRELESS BATTERY PACK

REQUIREMENTS

Please ensure the phone you are attempting to charge is capable of wireless charging. Refer to the phone users guide or the phone manufacturer website for information if unsure.

PRODUCT INTRODUCTION

CHARGING THE BATTERY

WIRELESS CHARGING

WHAT DO THESE LIGHTS MEAN?	Indicator State
WIRELESSLY CHARGING	Blue light, 1 dot lit
UP TO 30% CHARGE	1 dot lit
UP TO 66% CHARGE	2 dots lit
FULLY CHARGED	3 dots lit
LESS THAN 5% CHARGE	Blue light, 1 dot lit, 1 sunburst icon
FOREIGN OBJECT DETECTION There is something between the charger and the device being charged	Blue light, 1 dot lit, 1 sunburst icon

SPECIFICATIONS

P/N.:	QL-5335
Capacity:	5000mAh/3.85V/19.25Wh
USB-C Input:	5V=3A,9V=2.2A,12V=1.67A
USB-C Output:	5V=3A,9V=2.2A,12V=1.67A
Wireless Output:	5W, 7.5W, 10W, 15W
Transmission distance:	≤3-6mm
Charging efficiency:	≥75%
Product dimensions:	83x60x16mm
Unit weight:	122g

WARNING

Please read these safety warnings and cautions carefully to ensure your personal safety and prevent property damage.

SAFETY & PRECAUTIONS

- ▶ This product is for indoor use only.
- ▶ To clean the outside, use a clean, soft dry cloth.
- ▶ Do not use abrasive cleaners or solvents to clean your product because this could cause damage or scratches.
- ▶ Do not insert anything into your product unless otherwise specified in the user instructions. This may damage the internal components.
- ▶ Do not repair, modify or service the product yourself as this voids product warranty.
- ▶ Do not use the product inside an aircraft unless allowed by your airline.
- ▶ This device can be used by children aged 8 and over, as well as by people with reduced physical, sensory or mental abilities, or those lacking experience or knowledge of the device, as long as they are supervised or have received instructions on how to use the device safely and understand the risks involved. Children should not play with the device. Cleaning and maintenance must not be performed by children without supervision.

FIRE & ELECTRIC SHOCK HAZARD

- ▶ Do not expose the product to liquid, moisture, humidity or rain or use the product near a bathtub, sauna, sink, pool or steam room. Exposure to moisture may result in electric shock or damage to the product.
- ▶ Do not drop, disassemble, open, crush, bend, deform, puncture, shred, microwave, incinerate, paint or insert foreign objects into the product. Such actions could result in electric shock.
- ▶ Do not expose the product to extremely high or low temperatures (below -10°C or above +70°C).
- ▶ Do not expose your product to sources of excessive heat such as sunlight, fire or similar. Do not place your product near an open fire, such as gas burners, candles or fireplaces, and avoid contact with direct solar radiation. Make sure that the product is used in an area with sufficient ventilation.
- ▶ Always unplug the charger before cleaning the product. Ensure the main plug is always easy accessible and you can unplug it quickly in the event of an emergency.

CAUTION: Under ambient conditions the charger will heat up during use. This is normal and should not affect your charger's performance. If the charger feels hot to the touch during the charging process, remove the device from the charger and allow it to cool down before restarting the charging process.

WARNING: This product contains small magnets, which if become loose and are swallowed may cause serious injury. Keep away from children or pets, and if ingested seek immediate medical attention. Do not use in close proximity to any sensitive or implanted medical device.

WHAT'S IN THE BOX?

1x MAG Wireless Battery Pack
1x 30cm USB-C to USB-C Cable
1x Instruction Manual
1x Compliance Leaflet
1x Warranty Leaflet

Annex Products Pty Ltd, Australia, declares that the products "MAG Battery Pack", complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: The "MAG Battery Pack" has been tested and found to comply with the limits for a Class B device, pursuant to Part 15 of the FCC Rules and has been assigned FCC ID: 2A0U9-BPK5. These limits are designed to provide reasonable protection against harmful interference. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ▶ Reorient or relocate the receiving antenna.
- ▶ Increase the separation between the equipment and receiver.
- ▶ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ▶ Consult the dealer or an experienced technician for help.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body. Use only supplied antenna.

CAUTION: Any changes or modifications in construction of these devices which are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device was tested for operations. To comply with RF exposure requirements, a minimum separation distance of 20cm must be maintained between the user's body and the handset, including the antenna. Third-party belt-clips, holsters, and similar accessories used by this device should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with RF exposure requirements and should be avoided. Use only the supplied or an approved antenna.

This device in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. All essential radio test suites have been carried out. This restriction will be applied to all Member States of European Union.

1. The device complies with RF specifications when the device used at 20cm from your body

Declaration of Conformity

Hereby, Annex Products Pty Ltd declares that the product "MAG Battery Pack" is in compliance with Directives 2014/53/EU & 2011/65/EU. The full text of the EU declaration of conformity is available at the following internet address: <https://www.quadlock.com.au/compliance>

This device was tested for operations. To comply with RF exposure requirements, a minimum separation distance of 20cm must be maintained between the user's body and the charger, including the antenna.

The device is in compliance with the essential requirements and other relevant provisions of the UK Radio Equipment Regulations SI 2017:1206 (as amended).

1. The device complies with RF specifications when the device used at 20cm from your body.

Declaration of Conformity:

Hereby, Annex Products Pty Ltd declares that the product "MAG Battery Pack" is in compliance with the following Directives: Radio Equipment Regulations 2017, Electrical Equipment (Safety) Regulations 2016 and The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment 2012. The full text of the UK declaration of conformity is available at the following internet address: <https://www.quadlock.com.au/compliance>

INDUSTRIE CANADA (IC: 27134-BPK5)

IC Caution:

Radio Standards Specification RSS-Gen, issue 5

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

RF exposure statement:

The equipment complies with IC Radiation exposure limits set forth for uncontrolled environments. This equipment should be installed and operated with a minimum distance of 10cm between the radiator and your body.

IC Caution:

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

- (1) *Cet appareil ne doit pas causer d'interférences.*
- (2) *Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.*

Déclaration d'exposition RF:

L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 10 cm entre le radiateur et votre corps.

DISPOSAL OF OLD ELECTRICAL & ELECTRONIC EQUIPMENT

This symbol on the product or on its packaging indicates that this product shall not be treated as household waste. Instead it should be taken to an applicable collection point for the recycling of electrical and electronic equipment. By ensuring that this equipment is disposed of correctly you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. The recycling of materials will help to conserve natural resources.

For more information please contact your local council or waste disposal service.
